# Framework and Measures to Build a Culture of Health

Alonzo L. Plough, PhD, MPH
Chief Science Officer and
Vice President Research-Evaluation-Learning

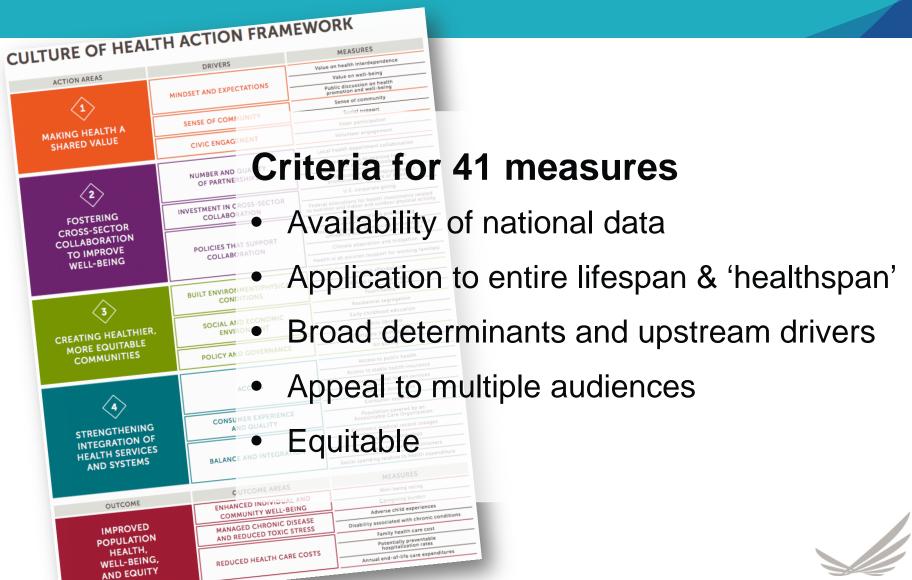

# What is holding our nation back?

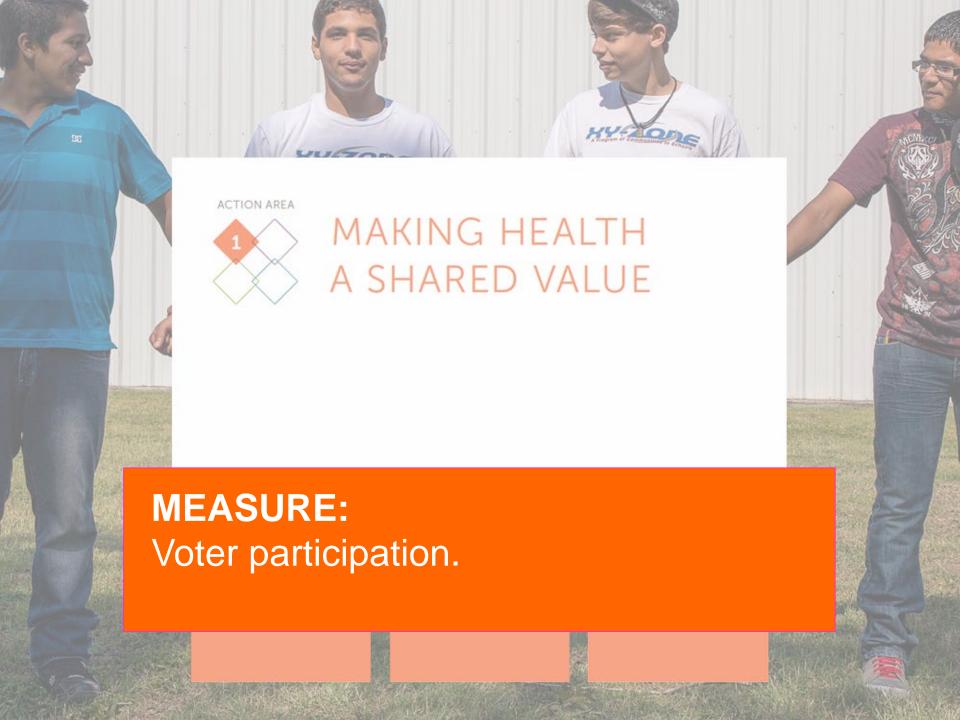

### Selecting National Measures

#### **Sentinel Communities**

- Opportunity to understand CoH at the local level and identify new measures using sentinel surveillance
- Mixed methods of data collection and monitoring
- About 30 communities varied by geography, sociodemographics, and innovations in health
- Will not affect opportunities for Foundation funding

### Institute of Medicine Vital Signs // Culture of Health Measures

## Culture of Health Measures // CDC National Prevention Strategy

Culture of Health Measures	National Prevention Strategy
Action-oriented	Empowering people
Fostering cross-sector collaboration	Promoting cross sector collaboration
Creating healthier communities	Creating healthy & safe communities
Creating more equitable communities	Eliminating health disparities
